"Why"

Visit "[Why](#)" on MotoLyrics.com

I don't know how to tell you who I am

Try to justify, you'd still deny I'm a man

I never understood it, so I don't expect you to

But I can't change now love, just for you

Maybe it's better that you know at last

Though I am sorry it all happened so fast

We might have lasted longer, if I'd told you when we
met

But it's over so you'd best forget

Chorus:

Why did she love me, Lord did I let her down

Why did she never understand me

Why did she love me, Lord did I let her down

Why is it so hard to be yourself

Maybe it's better that you know at last

Though I am sorry it all happened so fast

I never understood it, so I don't expect you to

But I can't change now love, just for you

chorus - now it's all over
