Can I have your attention please?
If you didn't want the garden why did you plant the
seed?
Making promises that you never keep
Now you deal with the consequences down on your
knees

And maybe we would do this for the rest of our lives
Maybe we will live forever
And maybe we don't have to think it's right
And maybe we will

And I don't feel what you feel
I don't want to feel this incomplete
And no one here can tell me
How to fill this space between

Everyone knows you're my one regret
Everyone knows you're my one weakness

The butterfly, the butterfly is beautiful but soon will die
Will spread its wings in the eternal sky
Eternal light with everything that's on its mind
You'll never believe this

And maybe we would do this for the rest of our lives
Maybe we will live forever
And maybe we don't have to think it's right
And maybe we will

And I don't feel what you feel
I don't want to feel this incomplete
And no one here can tell me
How to fill this space between

Everyone knows you're my one regret
Everyone knows you're my one weakness

The butterfly, the butterfly is beautiful but soon will die
Will spread its wings in the eternal sky
Eternal light with everything that's on its mind
You'll never believe this

And I can see you now reaching out for me
And I can feel you now setting yourself free

Everyone knows you're my one regret
Everyone knows you're my one weakness

And I don't feel what you feel
I don't want to feel this incomplete
And no one here can tell me
How to fill this space between

Everyone knows you're my one regret
Everyone knows you're my one weakness

And maybe we would do this for the rest of our lives
Maybe we will live forever
Maybe we don't have to think it's right
And maybe we will

Butterfly, the butterfly is beautiful but soon will die
You'll never believe this
