Your eyes don't lie, they give you away
You say, you say, everything is different today
Your footsteps fall all over the place
You're up, you're down, a butterfly caught in the cage

I don't know why I needed you more
I don't know how, you got through the door
I don't know where you were
But back and forth, back and forth

This is the last goodbye I'm ever gonna say
This is the last goodnight I'm ever gonna waste
This kiss is poisonous
If you can control the way it enters your soul

One love, one life
One love is better than you tonight

Sunday driver, you never get far
You call, you call, everyone is juggling hearts
You think that you never make a mistake
You say, you say, everyone else is to blame

I don't know why I needed you more
I don't know how you got through the door
I don't know where you were
But back and forth, back and forth

This is the last goodbye I'm ever gonna say
This is the last goodnight I'm ever gonna waste
This kiss is poisonous
If you can control the way it enters your soul

The devil inside, I see your eyes changing
Green to white
There is nowhere to hide, inside I feel the same
I feel the same way too

Your eyes don't lie, they give you away
You say, you say, everything is different today

This is the last goodbye I'm ever gonna say

This is the last goodnight I'm ever gonna waste
This kiss is poisonous
If you can control the way it enters your soul

Last goodbye I'm ever gonna say
This is the last goodnight I'm ever gonna waste
This kiss is poisonous
(One love)
If you can control the way it enters your soul
(One love)

One love, one life
(It enters your soul)
One love is better than you tonight
(It enters your soul)

One love, one life
(It enters your soul)
One love is better than you tonight
(It enters your soul)
