Does Fortune smile  
On Arthur's get?  
You left your people  
Wondering yet.  
Where did you go?  
Are you still here?  
A legend vanished  
Into air

The time has come for you to summon Merlin  
We need the ancient wisdom of the Mage  
Let his magic summon forth the dragon  
That burned the age of chivalry away

'Tis said that Merlin  
Has decreed  
You'll meet our hour of  
Greatest need.  
We lost the Grail  
Some years ago  
We all pretend that  
We don't know

That somewhere in Valhalla weeps a legend  
A king upon a shield of burnished lies  
Who cries for all the lessons we've forgotten  
But all who follow chivalry must die.

So put Excalibur away  
For force of arms is not our way.  
Oh leave your armour  
At the door  
We're not your children  
Any more

But Arthur  
We still need Merlin  
We need the wizard's magic with us now  
Oh Arthur  
Summon Merlin  
We need to find the future he foretold

We need to find the future he foretold  
Oh Arthur  
Summon Merlin  
Oh Arthur  
Call the mage  
Oh Arthur  
Summon Merlin  
Oh Arthur  
Call the mage.
