When I saw you at the station, you didn't recognize my face

I saw the man beside you - I wished I'd be in his place

You were so beautiful as never before

I couldn't stand the pain, I couldn't take the same train

For a while - I wanna hold you in my arms- Rosanna

For a while - I wanna live the dream that you could be mine

Only a minute I wanna feel you

Baby don't be so cruel, you've been never so cool

I'll promise you , babe, you won't see me again

For a while - I wanna hold you in my arms- Rosanna

For a while - I wanna live the dream that you could be mine

Only a minute I wanna feel you

And then I'll promise you baby- you won't see me again

I've been thinkin about you honey - I wonder if you'd open the door

You've got reasons to deny me, - but I won't hurt you any more

Yes I still love you- I know leavin' you was a crime

Oh I still love you - I wish I could turn back the time

For a while - I wanna hold you in my arms- Rosanna

For a while - I wanna live the dream that you could be mine

Only a minute I wanna feel you

Baby don't be so cruel, you've been never so cool

I'll promise you , babe you won't see me again

For a while - I wanna hold you in my arms- Rosanna

For a while - I wanna live the dream that you could be mine

Only a minute I wanna feel you

And then I'll promise you baby - you won't see me again

I was too young to listen to you

I was stupid not holdin' on to you

I found my freedom and left you alone

I was a fool with a heart of stone

For a while - I wanna hold you in my arms- Rosanna

For a while - I wanna live the dream that you could be mine

Only a minute I wanna feel you

And then I'll promise you baby- you won't see me again
