Now's the time to say "thank you" to you
Now's the time to be grateful to you
You were my friend, who has been there when I was
down
Who's all the time around
Who always stood by me

Now's the time to remember the day
Just that day when I met you again
You changed my life, like a bolt from the blue
And in this moment I knew
That you will never go

I love the way, I love the way you're lovin' me
Thank you for all you did for me
All I can do, all I can do for you, my love
Is lovin' you, is lovin' you

The Years go by , and our love has grown with time
The years go by , it wasn't easy all the time
But you and me, together we are strong
I knew it all along
That you're the only one

It's for you, all what I'll do it's for you
Yes it's true, you're a dream which came true
Oh You're a gift, a precious gift I will protect
I always will respect
I'll never give it away

I love the way, I love the way you're lovin' me
Thank you for all you did for me
All I can do, all I can do for you, my love
Is lovin' you, is lovin' you

Thank you for all your patience - you've given me
Thank you for all your faith- you are everything to me

I love the way, I love the way you're lovin' me
Thank you for all you did for me
All I can do, all I can do for you, my love

Is lovin' you, is lovin' you
