I look into your angeleyes,
paradise is half as nice, uh baby
I love your face, your golden skin
your body, uh a devilish sin, uh baby
I wanna touch you
I'm longin' for a night with you,
you're gonna make my dreams come true, uh baby
Uh I love your crazy fantasy
babe you are my ecstasy, uh baby
Uh I wanna hold you tight for ever
I know you will stay forever, oh baby
You and me, we will come together,
Hey you, you will stay forever
Every word I say it's true,
all I do is just for you, uh baby
I promise you that you'll be mine
'cause I'll love you till the end of time, uh baby
I wanna hold you tight,
I want your love tonight
I know you will stay forever, baby just
You and me, we will come together,

Hey you, you will stay forever
I know you will stay forever, baby just
You and me, you and me tonight
Hey you, you will stay forever , I wanna
hold you , I wanna hold you tonight
Don't you know, what I feel for you , oh
Let me show, that I'm the one for you
I know you will stay forever, baby just
You and me, you and me tonight
Hey you, you will stay forever , I wanna
hold you , I want your love tonight
