The only thoughts I had
Put me in pools of red
If only I could break loose
The only dreams I had
Stay locked inside my head

More than love is needed this time
Love ain't enough

The only peaceful place
Is in the cold embrace
Of some truth and honesty
We only hesitate
Because our hands must hate
If only our hearts broke through

(chorus)

SO GIVE US OUR PATIENCE!
Because our hearts can't teach us
SO GIVE US OUR PATIENCE!
Because our hearts can't teach us

YEAH!

(chorus)

Yeah!

(repeat chorus)
