Let's not go outside
Too much works in here
Heaven can't help us
Watch the walls melt down
Jesus lost his crown
Heaven won't help us

DON'T LOOK!
Don't look at me now
I watch how the world works in here
I love how the world works in here
I try to disappear
Can't you see what I'm saying
I try to disappear

Can't you see what I'm saying?
Hearts melt with lies
Feeling ostracized
They just won't help us
Morning makes us cry
Saying last goodbyes
No one can help us

(chorus)

CAN'T YOU SEE WHAT I'M SAYING?!
I try to disappear
CAN'T YOU SEE WHAT I'M SAYING?!
I try to disappear
CAN'T YOU SEE WHAT I'M SAYING?!

I try to disappear
