They get what they give ya
You get what you get
They take what they're taking
No matter what you said
Or maybe it's just apathy
Or maybe we don't question it

SO HELPLESS!
IN THIS MESS!
THE FAULT OF ALL OF US, YEAH!
CONTAGIOUS!
COMPLACENT!
KISS GOODBYE!
Generation of fear and whatever

Life's in the bulls-eye
They won't ignore
Life in the big lie
We won't absolve
Or maybe it's just lethargy
Or maybe we should question it

(chorus)

(guitar solo)

GENERATION OF FEAR AND WHATEVER!
GENERATION OF FEAR AND WHATEVER!
