You've got a friend
You've got a friend in me
You've got a friend (you've got a friend)
You've got a friend in me

When you're down and troubled
And you need some loving care
And nothing no is going right
Close your eyes and think of me, ooh
And soon I will be there
To brighten up even your darkest nights, yeah

You just call out my name,
And you know where-ever I am
I'll come running, yeah
To see you again
Don't you know that
Winter, spring, summer, or fall,
All you got to do is call
And I'll be there, yes I will
You've got a friend.

You've got a friend
You've got a friend in me
You've got a friend
You've got a friend in me
You've got a friend (you've got a friend)
You've got a friend in me
You've got a friend (you've got a friend)
You've got a friend in me
You've got a friend (you've got a friend)
You've got a friend in me
You've got a friend (you've got a friend)
You've got a friend in me

Ain't it good to know that you've got a friend
People can be so cold.
They'll hurt you and desert you.
Take your very soul if you let them.
So don't let them, no

You just call out my name, and you know where-ever I
am
I'll come running yes, to see you again, yeah
Don't you know that,
Winter spring summer or fall,
All you've got to do is call.
And I'll be there, yes I will
And I'll be there, yes I will
And I'll be there, yes I will
You've got a friend

You've got a friend (you've got a friend)
You've got a friend in me (you've got a friend)
You've got a friend (you've got a friend)
You've got a friend in me
Repeat and fade
