

The Last Shadow Puppets "Chamber"

Visit "[Chamber](#)" on MotoLyrics.com

Leave yourself alone
Can't you see you're only here to be torn apart
Based upon a nothingness
So leave yourself alone, leave yourself alone

Tell your wasted time
That I am worse and I would waste it all
Given the chance I owe apologies
So tell your wasted time, tell your wasted time

It's torture locked inside the chamber

Cornered by yourself
Yourself you must admit that you are the instigator
Hanging onto arguments
You'll be cornered by yourself, cornered by yourself

It's torture locked inside the chamber
Lost inside the chamber, locked inside the chamber
