Chorus)

Why you wanna play around with my heart

You make me feel like you care

Why you wanna play around with my heart

My love was there I thought that you cared

(Verse 1)

Until that day you turned and walked away

Your love was special to me

My heart has fallen apart and I know

That you're the one to blame

You said the love would never change

Then you go out and play

(Chorus)

(Verse 2)

I never knew that you could put me through

All the pain tha I feel, yeah

Saying sorry won't make it right

Cause it will never be the same you're the one to blame

Tell me why

Tell me why you're living a lie

You never really loved me, baby

And now my heart is falling apart

You should have told me from the start

That you would break my heart, baby

(Chorus/Vamp out
