Hey now ladies guess who's back

LDB Romeo and Bat

For the 99 it's phat stack

Yo Ra Ra about to rip the track

You took my heart and ran with it

Why you so damn scandalous?

I found a chick who could handle this

Bye bye love cause I'm through with this

Oh my God what'd I do?

I'm caught up in your game with you

My best friend's girl what a shame

Why did you play these silly games?

Try to put the blame on me

I always knew you were a freak

I seen you looking right away

Girl you've got a bomb body

1 - I should've seen it coming when you stepped to me

You're like my sis never thought it would be

But there was something that you did when you looked  
at me

That made me wanna get a little bit freaky

Then I started thinking about my boy, he said

What would he do if he knew?

His homie was creeping with you

2 - Keep it on the low

We never should've did it

Yo girl, my best friend

He can never know

Get up and get your stuff girl, you must go

Keep it on the low

We never should've did it yo girl, my best friend

He can never know, oh, oh, oh

Oh no can't talk to you

Take it to the source what I can not do

Gotta stop, cause every night

All of this stuff ain't worth the fight

My homie comes first that's how it goes

Can't keep dealing with you silly hoes

Buying your stuff and playing the role

Baby I don't need you, no, no

Repeat 1

Repeat 2

Isn't that your curiosity

Doesn't mean a thing to me

As I reach for the sky

There's no need for me to lie

Cause my love for him is strong

I must hold on

Immature come on dance with me

Romeo, Batman, LDB

Everybody come on dance with me

Yeah, come on, come on, dance with me

Can't forget Chris B-Z

Everybody in the house dance with me

Everybody in the house dance with me

Come on, come on, come on, come on

Repeat 2 till end
