1 - When I was down you wasn't there for me

Pushed my love right out the door

At this point, I can't take no more

When I was down you wasn't there for me

That's the reason I'm leaving you

Girl, I'm through

My all and my everything

She couldn't do no wrong

Until the cash was gone

And she fronted like she cared for me

But what's the possiblity that she was gettin' me for my money

Repeat 1

No more lies baby, things done changed

I'm not the man I used to be

I gotta look out for me

And after all that we've been through

I can't believe that you would think that I could love you

Now things done changed

And my life just ain't the same

You've been trying to come back home to me

That ain't gonna happen, baby

Repeat 1 until fade
