Chorus)

I've got this longing for you

Even when I call your name

How I wish you were here

A never-ending story of loneliness and pain

Oh, how I wish you were here

(Verse 1)

It's been so long since I saw your face

And I'm missing your warm embrace

Recapturing the times that we shared

Oh, baby..., how I wish you were here

(Chorus)

(Verse 2)

Holding hands, feeling your sweet lips

Brings me back to when we first met

What we had was not what we thought it would be

I would let nothing come between you and me

(Bridge)

All this time tell me where did it go

You and me, you said we'll always be together

Can't you see how I'm hurting inside

Won't you please

Baby, come back to me, yeah...

(Chorus)

(Interlude)

(Chorus/Vamp Out)
