then the little fish got so very very tired and they came  
back to their rock they put down their heads and put  
down their tails and they took alittle nap and when they  
woke up they felt alittle dirty so they washed their hair  
and they washed their ears they washed their tummys  
and they washed their beards they washed their nose  
and they washed their toes and then they said, wait a  
minute we're fish we don't take showers lets go  
swimming lets go swimming yeah lets go swimming  
lets go swimming in the bottom of the ocean
