Under a shady tree, you and me.
Under a shady tree, you and me.
Under a shady tree, you and me.
Lying under a shady tree, you and me.

Can you feel the breeze blow by?
Can you feel it on your face?
This is our special place.

Under a shady tree you and me.
Lying under a shady tree you and me.
Under a shady tree you and me.
Under a shady tree you and me.

Can you feel the soft cool grass?
Can you feel it with your toes?
We can sit here while it grows.

Under a shady tree, you and me.
Under a shady tree, you and me.
If you want to close your eyes,
And sleep beneath the tree,
You can rest your head on me.

Under a shady tree, you and me.
Under a shady tree, you and me.
Lying under a shady tree, you and me.
Under a shady tree, you and me.

Ba beda ba ba dee da, you and me.
Ba beda ba ba dee da, you and me.

Do dodo do do do do, you and me.
Do dodo do do do do, you and me.

La ladee da da dee da, you and me.
La la la la la la, you and me.
