"La"

Visit "[La](#)" on MotoLyrics.com

Come back from LA.
We'll keep those plans we made
We'll still get engaged
When you come back from LA.
I love the way you look before the flight
When you come back, you'll win a part in the story of
my life

It hasn't been too long
We'll pick out a big home
With green grass on the lawn
We'll keep the front light on

Just this one time, I can't do things twice
When you come back you'll win a part in the story of my
life

If you say no, ok
I'll just walk away
Live with the choice you made
See you on another day

Just this one time, I can't do things twice
When you come back, you'll win a part
When you come back from LA.
