Baby I gotta know, where did our love go?  
I haven't seen it in such a long time  
I can't remember if my mind's mine  
You take my money and you took me that far  
You keep my picture on your wall  
When the summer turns to fall  
I don't want to see you at all

I see you on my screen  
With flashes of me in between  
I can't fake it on your time  
You can't shake it with my kind

Stay away from me  
(Don't come round here no more)  
Please just let me be  
(Don't come round here no more)  
End my misery  
(Don't come round here no more)

When I am walking through the park  
All by myself, in the dark  
With nothing but a torn picture of you  
Someone direct me to the noose

Stay away from me  
(Don't come round here no more)  
Please just let me be  
(Don't come round here no more)  
End my misery  
(Don't come round here no more)  
I'm alone

Stay away from me  
(Don't come round here no more)  
Please just let me be  
(Don't come round here no more)  
End my misery  
(Don't come round here no more)  
I'm alone
