I can see you,
You're with me.
You can't hear a word I'm saying to you,

And it's so tough when we're apart
To touch you, too far away

Knowing you can't feel a note I'm feeling
I know one day you'll see,

Day to night, night and day,
So can we can you see?

And it's all in the way you look at things,
With your heart, and no one else's
For your own sake, let the eagle fly,
Let the eagle fly...

When your morning awakes you,
I'll be waiting for the chance to say,

No matter what tomorrow brings,
I'll be here when you need.

I'll watch the sun rise and set,
Wondering if the eagle is freed,

With your heart you will make best
For his wings and mine.

And it's all in the way you look at things,
With your heart, and no one else's
For your own sake, let the eagle fly,

When the hand you reach seems out of touch,
You try to look away, but you feel too much.
When you want to, let the eagle fly.
Just let the eagle fly.

I can see you,
You're with me,

You can't hear a word I'm saying to you...
