it's going down tonight in this town  
cuz they stare and growl  
they all stare and growl  
i take a scar every time i cry  
cuz it aint my style, no it aint my style  
going down to the gravel, head to the barrel  
take this life and end this struggle  
los angeles come scam me please  
emptiness never sleeps at clifton's 6 am  
with your bag lady friend and your mind descending  
stripped of the right to be a human in control  
its warmer in hell so down we go  
chorus:  
they say this is the city  
the city of angels  
all i see is dead wings (2x)  
its a ghost town rabid underworld  
dionysian night vitrolic twilight  
a mirage comes up it never ends  
once you get burnt your never the same  
look around aint no r.i.p. signs here

we dont rest in peace we just disapear

so here we are los angeles

no angels singing in your valley of unease

i watch the sun roll down the pacific

over hookered sunset strip

chorus (2x)

thers a black moon tonight

aint shining down on the western neon lights

chorus
