Well the things you say  
And the things you do  
Baby someday will come back on you  
It's time to reach and turn another page  
You can slip and fall  
All along the way  
Not much thought about it that I can say  
Everybody knows it's all in the name of love

Well you play the game  
But you just can't win  
They put you at the back and start all over again  
You place your bet you say it fits you like a glove  
Then you dream way  
Dream again  
Until your dream comes true now friend  
'Cause everybody knows it's all in the name of love

Some say the man is crazy  
Others gentle as a dove  
Everybody knows it's all in the name of love

Yes it's all in the name, all in the name of love  
But it's all in the name, all in the name of love  
'Cause it's all in the name, all in the name of love  
But it's all in the name, all in the name of love
