When you wake up [sung -- "I woke up] from a bad  
dream to the howling  
of a lonely night  
You feel [sung -- "felt"] the walls come closing in like  
the victim of  
a one-way fight  
I don't remember many yesterdays, I left a lot of things  
undone  
Now I'm back and I'm here to say I'm looking after  
number one

Oh! Don't go where the road don't go  
Oh, Don't go where the road don't go

Seeing people on the freeway takes me back to where  
it all begun  
I was riding on a big wheel, I was walking in a midnight  
sun  
I did a lot of favours then and asked for nothing in  
return  
Now those friends have all disappeared, I guess  
there's still so much  
to learn

CHORUS: Oh! Don't go where the road don't go  
Oh, Don't go where the road don't go  
Oh, Don't go where the road don't go  
'cos you'll never run, you'll never outrun the gun

[Written but] Now I'm the man up on the wire  
not sung] Now I'm the man behind the wheel  
When I said it don't come easy  
Well I sure know how that feels

CHORUS twice

Don't go, don't go, don't go where the road don't go
