We can put a man on the moon  
Make it snow in the heat of June  
It's amazing . . . what we can do  
You can see the sights of Rome  
Shop in Paris and jet back home  
Got our dreams in flight  
We've come so far  
Think we're doing alright  
But we don't know a thing about love  
No not much  
We don't know a thing about love  
Don't know a thing about it  
Everybody needs someone  
A little love when the day is done  
But it's not easy it's hard to do  
There's no right and there's no wrong  
We don't need science to get along  
It takes a woman and a man  
It's all there to understand  
We don't know a thing about love  
No not much  
Don't know a thing about love  
Don't know a thing about it  
There ain't nothing we can't do  
It's all up to me and you  
Got our dreams in flight  
We've come so far but  
It's still not right  
Cause we don't know a thing about love  
No not much  
Don't know a thing about love  
Don't know a thing about it
