We can put a man on the moon
Make it snow in the heat of June
It's amazing . . . what we can do
You can see the sights of Rome
Shop in Paris and jet back home
Got our dreams in flight
We've come so far
Think we're doing alright
But we don't know a thing about love
No not much
We don't know a thing about love
Don't know a thing about it
Everybody needs someone
A little love when the day is done
But it's not easy it's hard to do
There's no right and there's no wrong
We don't need science to get along
It takes a woman and a man
It's all there to understand
We don't know a thing about love
No not much
Don't know a thing about love
Don't know a thing about it
There ain't nothing we can't do
It's all up to me and you
Got our dreams in flight
We've come so far but
It's still not right
Cause we don't know a thing about love
No not much
Don't know a thing about love
Don't know a thing about it
