Golden blunders come in pairs, they're very unaware  
What they know is what they've seen  
Education wasn't fun, but now that school is done  
Higher learning's just begun

CHORUS: You're gonna watch what you say for a long  
time  
You're gonna suffer the guilt forever  
You're gonna get in teh way at the wrong time  
You're gonna mess up things you thought you would  
never

Disappointment breeds contempt, it makes you feel  
inept  
Never thought you'd feel alone (at home)  
His and hers forever more, throw your freedom out the  
door  
Before you find out what it's for

CHORUS

Four weeks seemed like a long time then -- but nine  
months is longer now  
But ever if you never speak again -- you've [sung --  
"you've already]  
made the wedding vow

CHORUS

Honeymoons will never start, bonds will blow apart  
Just as fast as they were made  
Men and women please beware: don't pretend you care  
Nothing last when nothing's there

CHORUS
