Maybe your daddy never held you like he should  
Maybe your mama just held on the best she could  
Every soul has a secret  
Ya give it away or keep it  
But yesterday's gone so tell me why

You carry the weight  
The weight of the world  
It's breakin' you down  
On your back like a boulder  
Before it's too late  
Get rid of it girl  
Get it off of your shoulder  
I know you've been used  
But you gotta lose the weight of the world

Maybe I haven't always been there just for you  
Maybe I try but then I got my own life too  
Every heart has a hunger  
I'm not gettin' any younger  
And I got all the crosses I can bear

Don't gimme the weight  
The weight of the world  
It's breakin' me down  
On my back like a boulder  
Before it's too late  
Get rid of it girl  
Get it off of my shoulder  
You know I've been used  
And I gotta lose the weight of the world  
It all comes down to who you crucify  
You either kiss the future or the past goodbye  
We could fly so high

But we carry the weight  
The weight of the world  
It's breakin' us down  
On our backs like a boulder  
Before it's too late  
Get rid of it girl

Get it off of our shoulders  
We've all been used  
And we gotta lose the weight of the world  
It's takin' us down  
And the night's growin' colder  
Just blame it on fate  
That was yesterday girl  
And we're just growin' older  
We've all been abused  
Now it's time to lose the weight of the world
