I'm standing in the open doorway
And I'm waiting for the stars to fall
I'm sad of proving no perfection
And I wish I had a cannonball
Soaking in a silent atmosphere
I, I'm drowning in a desperate thought

Ohhh ohhh ...
What I'm trying to say
Is unsayable
I can't find a way
I'm incapable
No matter how I pray
It's just unbreakable

I can't avoid the truth
It's inescapable
It's killing me that you
You're unobtainable
Before I start a loose
Cause it's unbreakable
It's just unbreakable

Wishing that your eyes would see me that way
Like I'm the only man alive
I look in through a frosty window
And I, I wanna be the one inside
Holding back the overflowing emotion
I'm drowning in a desperate thought

Ohhh ohhh ...
What I'm trying to say
Is unsayable
I can't find a way
I'm incapable
No matter how I pray
It's just unbreakable

I can't avoid the truth
It's inescapable
It's killing me that you

You're unobtainable
Before I start a loose
Cause it's unbreakable
It's just unbreakable

Ohhh ohhh ohhh ...
Ohhh ohhh ohhh ...
Ohhh ohhh ohhh ...

What I'm trying to say
Is unsayable
I can't find a way
I'm incapable
No matter how I pray
It's just unbreakable

I can't avoid the truth
It's inescapable
It's killing me that you
You're unobtainable
Before I start a loose
Cause it's unbreakable

Standing in the open doorway
And I'm waiting for the stars to fall ...
