Feat. Lockdown

[Intro]

Tonight

It's me and you babe

Lockdown, sing it for me

1 - Let's cuddle up

I'll wrap my arms around your waist

And lie down naked by the fireplace

On a bearskin rug

We can make sweet love

And then snuggle up

We don't need no sheets tonight

Just your body laying next to mine

Is that all right

Lady, let's cuddle up

I wanna feel your body from head to toe

Give you everything you've been waiting on

And you won't be disappointed, wait and see, Oh girl

Cuz we can make tonight so beautiful

Make the love we share more meaningful

Make our bodies fit together perfectly, Oh when we

Repeat 1

Your eyes are telling me where your mind is at

Later on you know we gon' handle that

With the flames surrounding your silhouette

Here by my fire (mmm)

I'm gonna take my time and finish this

Kiss the spot on your thigh where you ticklish

Exploring all of the secret places you want me to find

So this time

Repeat 1

Holding you, kissing you, caressing you, feeling you

Touching you and holding you, loving you, loving you

Kissing you, feeling you, massaging you  
La la la la, oh

Repeat 1

I just wanna hold you  
I wanna lay you down  
I just wanna be with you  
Lying next to you  
All night all night  
Is all I wanna do

I just wanna hold you  
I just wanna be with you  
By the fireplace On a bearskin rug Hold you and Baby,  
lets cuddle up
