I don't need to fall asleep until you're home  
I cannot convince myself that I'm okay alone  
As the world outside my window turns to black  
How did it come to that?

BRIDGE:

Time slows to a halt  
I'm blind to a fault

CHORUS:

Oh, who do I follow?  
Who do I follow?  
I can't get to tomorrow  
Get to tomorrow without you, you  
Oh, who do I follow?  
Who do I follow?

The clock keeps turning, ticking mockingly  
I try to close my eyes, picture you in front of me  
But my mind won't stop these evergoing games  
And now, I'm wide awake

BRIDGE

CHORUS

Oh, who do I follow?  
Who do I follow?  
Oh, who do I follow?  
Who do I follow?  
Oh, who do I follow?  
Who do I follow?

CHORUS
