"Wherever You Go"

Visit "[Wherever You Go](#)" on MotoLyrics.com

You stare out through the window where it's still cloudy
I'm there, but I am never enough

BRIDGE:

You waste all of your winter waiting for sun
Waiting for sun
You waste all of your winter waiting for sun
Waiting for sun

CHORUS:

You can't fight the snow
It is always gonna fall wherever you go
You can't fight the snow
It is always gonna fall wherever you go

Come home, I never wanted you to say sorry
You know I've always given you time

BRIDGE

CHORUS

Oh, oh
Oh, oh
Oh, oh
Oh, oh

You can't fight the snow
Wherever you go
You can't fight the snow
Wherever you go
You can't fight the snow
Wherever you go
You can't fight the snow
Wherever you go
