we used to say we were in like flynn  
red rockets and we were in  
and the hairline fracture in my anklebone  
aches just enough to remind me that i'm alone

and the blackout seems so far away  
even though it was only yesterday  
even though it was only yesterday...

there'll be no explosions tonight  
no matter how hard i try  
and how will i remain upright  
as you walk on by?

we were shaking down the reptile house  
bottle rockets, without a doubt  
and the blood sweat shivers running through these  
veins  
it kills me to know some things will never be the same

and the reflex seems so far away  
even though it was only yesterday  
even though it was always yesterday

there'll be no explosions tonight  
no matter how hard i try  
and how will i remain upright  
as you walk on by?

there'll be no explosions tonight  
no matter how hard i try  
and how will i remain upright?  
let's just walk on by

it's all or nothing at all  
or nothing at all  
it's all or nothing at all  
or nothing at all

you always said that it was just for kicks  
but blue baby needs another fix

i want a lift and now these broken bones  
that ache just enough to remind me that i'm alone

there'll be no explosions tonight  
no matter how hard i try  
and how will i remain upright  
as you walk on by?

there'll be no explosions tonight  
no matter how hard i try  
and how will i remain upright?  
you're just walking by

it's all or nothing at all
