Half past three and I'm still awake,
the room filled with the strangest glow,
that's when I saw the glimmer man,
figured I'd get myself a brand new glow.
I need a brand new glow.
I need a brand new glow.
I need a brand new glow.
Half past four and I'm still awake,
Half livid eyes moving way too slow,
Won't you lend me your shimmer man,
Figured I'd get myself a brand new,
Why won't you bring me something home,
Am I hysterical?
Why won't you bring me something home,
I need a brand new glow,
Why won't you bring me something home,
Am I hysterical?
Why won't you bring me something,
Why won't you,
I need a brand new glow,
I need a brand new glow,
I need a brand new glow,
I need a brand new glow,
Half past five and I'm still awake,
My limbs stuck to the furniture,
Tick, tock, pounding my head away,
Figured I'd get myself a new glow,
Half past six and I'm still awake,
Half headed eyes to the diamond room,
Won't you lend me your shimmer man,
Why won't you bring me something home,
Am I hysterical?
Why won't you bring me something home?
I need a brand new glow,
Why won't you bring me something home?
Am I hysterical?
Why won't you bring me something?
Why won't you?
I need a brand new glow,
I need a brand new glow,
I need a brand new glow,

I need a brand new glow,
I need a glimmer man.
