Half past 3 and I'm still awake.
The room filled with the strangest glow.
That's when I saw the glimmerman.
Figured I would get myself a brand new glow.
I need a brand new glow.
I need a brand new glow.
I need a brand new glow.
Half past 4 and I'm still awake.
Half lit eyes moving way too slow.
Won't you lend me your shimmer, man.
Figured I'd get myself a brand new
Why won't you bring me something oh.
I'm almost ever glow.
Why don't you bring me something oh.
I need a brand new glow.
Why won't you bring me something oh.
I'm almost every glow.
Why won't you bring me something.
Why won't you, I need a brand new glow.
I need a brand new glow.
I need a brand new glow.
I need a brand new glow.
Half past 5 and I'm still awake.
My limbs stuck to the furniture.
Tick tock pounding my head away.
Figured I'd get myself a new glow.
Half past 6 and I'm still awake.
Hard headed, right to the diamond room.
Won't you lend me your shimmer, man.
Why won't you bring me something oh?
I'm almost every glow.
Why won't you bring me something oh?
I need a brand new glow.
Why won't you bring me something oh?
I'm almost every glow.
Why won't you bring me something?
Why won't you? I need a brand new glow.
I need a brand new glow.
I need a brand new glow.
I need a brand new glow.
I need a glimmerman.
