i wasn't looking for a jesus man
i wasn't looking for buddha
i wasn't looking for a common man
and i wasn't looking for you,
and that's for sure
could you be the one?
could you be anyone?
could you be 1 2 3 4 fuckin' 5 for sure?

the last time i saw you was the first time
was the first time i saw god
the last time i saw you was the first time
was the first time i saw god

i wasn't looking to be crucified
for something i had done just once
but now i've got the taste in my mouth
you know i'm not looking to give you back to her

could i be the one?
are you my only one?
are you my 1 2 3 4 fuckin' 5 for sure?

the last time i saw you was the first time
was the first time i saw god
the last time i saw you was the first time
was the first time i saw god

the last time i saw you was the first time
was the first time i saw god
the last time i saw you was the first time
was the first time i saw god

are you the one?
could you be anyone?

the last time i saw you was the first time
was the first time i saw god
the last time i saw you was the first time
was the first time i saw god

the last time i saw you was the first time
was the first time i saw god
the last time i saw you was the first time
was the first time i saw god

the last time i saw you was the first time
was the first time i saw god
the last time i saw you was the first time
was the first time i saw god
