just before the breakdown  
warm and colourful  
all the faces shifting fade  
press my face against yours  
cold and colourless  
she left the conversation days ago  
days ago

why did you bring me here?  
tonight, why did you bring me here?

hope this finds you happy  
know that we are fine  
getting our fair share of pain  
it was nice to know you  
all my best regards  
i'll see you on the other side  
i will see you on the other side

why did you bring me here?  
tonight, why did you bring me here?  
why did you bring me here?  
tonight, why did you bring me here?

i would give my breath for  
this to never end  
in the dark, i know you're mine

why did you bring me here?
