"Is It Wrong To Be Human"

Visit "[Is It Wrong To Be Human](#)" on MotoLyrics.com

We swim across lakes and explore outerspace
Is it wrong to be human?
Forever's only as long as it takes
To get sick of what we are doing
A boy and a girl in their own private world
Following their human goals
If you know that i care means i'll always be there
Always in each others souls
Hatred isn't disgust
Lust isn't love
Pleasure's found in the glove
What is humanly normal is our delight
Lust isn't love
So why's it called 'making love'
If that's not what we're making tonight
We swim across lakes and explore outerspace
Is it wrong to be human?
Forever's only as long as it takes
To get sick of what we are doing
If people could see it's so normal to be
Falling as a victim of lust
If you think it's wrong to be acting humanly
We should all kill ourselves...
