Racing to the future
The thought is left in time
To gain a little silence
Obligations on the mind
Roaring in the moment
Drag myself from place to place
A moment to reflect
Would help to slow this pace
and there's no time left
to appreciate this space
and there's no thoughts left
when i'm stuck in real time
Caught up in the chaos
My memory displaced
Forgotten in the whirlwind
The dreams that i chased
Time is always ticking
Space fills up so fast
Leave room for what's important
Before it's in the past
and there's no time left
to appreciate this space
and there's no thoughts left
when i'm stuck in real time
No pause.
No delay.
No rewind.
No replay.
The want for time will show
I need empty space
Filled by silence
White space.
