

State Faults

"Wondering"

Visit "[Wondering](#)" on MotoLyrics.com

Lost in a feeling you can't understand
Where did it come from what does it demand
In solitude, what do they see?
My pitch black eyes deceive solely me
Hope no one knows the thoughts in your head
Wandering, wondering how to accept
Do the same thing you know that they don't
Want to so bad, but you know that you won't
is there a box to hide away?
a burial ground where dreams can fade
will questions end and answers come?
just wondering...
Wonder what happened, or did it at all?
Out of control but you have to go on
Moon low in the sky echoes over my head
Wandering, wondering what could be instead
is there a box to hide away?
a burial ground where dreams can fade
will questions end and answers come?
will confusion stay?
is there a box to hide away?
a burial ground where dreams can fade
will questions end and answers come?
just wondering...
What do you do with the thoughts in your head?
What do you do with the wants that you have?
What do you do with desires in your soul (the strong
ones)?
What do you do with the thoughts in your head (the
wrong ones)?
