My little girl...
My little girl...
My little girl...
Where are you?
My fucked up world
My fucked up world
My fucked up world
Destroyed you
Day after day
Day after day
I get it now
I just go on without you
Twisted inside
Six miles high
I rehearse how to
Say goodbye to you

Skinnyman
Turned into a monster
I'm a motherfucker

Wrap it up tight
Wrap it up tight
Emotions are distorted
It's no surprise
Nothing alive
All hope has been aborted
Day after day
Day after day
I get it now
I just go on without you
Twisted inside
Six miles high
I rehearse how to
Say goodbye to you

Skinnyman
Turned into a monster
I'm a motherfucker
Inside i'm dead
All used up

God damn i miss her

As my skin turns yellow
I forget this hell
As the skies are bruised
And the rain comes down
As my face turns pale
Try to deal with these thoughts
At the end of it all
I still miss you
