You call me the comeback kid  
That's what I always did  
Came running back to you time after time  
I couldn't let you go  
Long enough to let me know  
That the comeback kid won't be coming back this time

The line you had around this kid  
This time girl just came undid  
There won't be no coming back this time

You call me the comeback kid  
That's what I always did  
Came running back to you time after time  
I couldn't let you go  
Long enough to let me know  
That the comeback kid won't be coming back this time

This time girl when you fall on me  
And try to lay that you trick only  
The comeback kid's gonna have a different comeback  
line

You call me the comeback kid  
That's what I always did  
Came running back to you time after time  
I couldn't let you go  
Long enough to let me know  
That the comeback kid won't be coming back this time  
No, the comeback kid won't be coming back this time.
