I don't wanna be your girlfriend  
I'm just looking for a real good time alright  
Can you guarentee me satisfaction  
Need some action-gonna get it tonight!  
So I'm telling you boyfriend  
That you never met a girl like me before  
Not gonna wait a long time  
Better make up your mind

Are you in? Are you out?  
Shake it up, shake it down!  
Wanna scream, wanna shout?  
Give it up, get it on, or get out!  
Come on come on (come on come on)  
Come on come on (come on come on)  
Come on come on (come on come on)  
Come on come on (come on come on)

You know I got my paper venny toy little boy  
Replacable, disposable fully action posable  
When everything was said and done there's plenty  
more where you came from  
Don't just stand there looking dumb baby you're the  
lucky one

Are you in? Are you out?  
Shake it up, shake it down!  
Wanna scream, wanna shout?  
Give it up, get it on, or get out!  
Come on come on (come on come on)  
Come on come on (come on come on)  
Come on come on (come on come on)  
Come on come on (come on come on)

So come on, so do what you want to do  
So come on, I can't wait around for you  
So come on, It's not a mystery  
So come on, so do what you want to do  
So come on, I can't wait around for you  
So come on, Be with me!

Are you in? Are you out?  
Shake it up, shake it down!  
Wanna scream, wanna shout?  
Give it up, get it on, or get out!  
Come on come on (come on come on)  
Come on come on (come on come on)  
Come on come on (come on come on)  
Come on come on (come on come on)

Are you in? Are you out?  
Shake it up, shake it down!  
Wanna scream, wanna shout?  
Give it up, get it on, or get out!  
Come on come on (come on come on)  
Come on come on (come on come on)  
Come on come on (come on come on)  
Come on come on (come on come on)
