I wish you well
couldn't you tell after all these years
I wish you love
and life in a world that youre dreaming of

I wish you well
I wish you love
I wish myself
all of the above

what made me think
that I could survive all the wear and tear
it's not my thing
to stand here and pose for some William Tell

I wish you well
I wish you love
I wish myself
all of the above

If there was a better time i could not find it
whats mine's not yours and yours not mine
and we couldn't hide it
don't take me on a ride with you, it's a rollercoaster
the only time i look at you is on a rock 'n roll poster

I wish you well.....

Where are you now
couldn't you see through the sweat and tears
I took my bow
while you confirmed all my saddest fears

I wish you well
I wish you love
I wish myself
the world I dreaming of

I wish you well
I wish you love
I wish myself

all of the above,
all of the above,
all of the above,
all of the above
