You hear that?

See baby I can make ya famous
Just tell me what your name is
Your body's got me going crazy
I need to know the name of my future lady
Oh, girl
Oh, girl

See Shawty I can make ya
Fresher than the next
To the top is where I take ya
You rockin' with the best
All real, others fakers
Let me ease ya stress
My sweet love Anita Baker
You shouldn't second guess
We great! perfect couple
You mine they gon' love you
Paparazzi everywhere, red carpets you always there
Every time they see you out
They know that we the perfect pair
You can be in magazines the dream is here

See baby I can make ya famous
Just tell me what your name is
Your body's got me going crazy
I need to know the name of my future lady
Oh, girl
Oh, girl

Shawty we courtside chilling
You can't match the feeling
Of being a superstar
Your body's so appealing
We can go out to eat
Where they be grillin'
Or go back to the room
For some sexual healin'
It's been a long day
Let's take a day off

Fly up to Vegas
We can get the villa loft
And I love your body
Because it's so pillow soft
You such a hottie
I mean you can get it all

See baby I can make you famous
Just tell me what your name is
Your body's got me going crazy
I need to know the name of my future lady
Oh, girl
Oh, girl

See baby I can make ya famous
Just tell me what your name is
I'm talking about you
(Make ya famous, famous)

See baby I can make ya famous
Just tell me what your name is
Your body's got me going crazy
I need to know the name of my future lady
Oh, girl
Oh, girl
