[Verse 1: Impirio]

Uh huh, this sound like a track that you gotta run back,
I be feelin' myself in this type of format
All black in the club fresh to def button up,
Crisp jeans fly shoes make you say what that f*ck
Homie this is what I does, break it down pound for
pound,
I'ma holla at shawty when I get my first round
Play it smooth never rush, but she got feelin' her,
If I get her on the floor game over got a back it up

[Hook: Cru]

That girl (who she?)
I just wanna love her treat her like no other talkin'
bout (shoppin' sprees)
Spend my money on her damn I really want her
That girl who she that, (that girl) with the Gucci
bag, (that girl) with the Louis bag, (that girl) and the
Versace,
Who she? That girl

[Verse 2: Impirio]

Yea I'm in a zone every club night this is my song

Uh she so fine everybody know that,
I wanna make her mine man I cannot blow that
Her waist is so thin and her butt is so fat,
Roll with the I you can never be off track
Here we go you can be in my video
I like the way u move I can tell that u are a pro
You must practice in the mirror I can see it clearer that

And you must get that all of the time

[Hook: Cru]

I just wanna love her treat her like no other talkin'
