So Easy To Love You (So Hard To Trust You)

I think that everyone I know would love to hear this
song

I guess that everyone I know was waiting for this one

I feel fine
I can smile
I'm in love

I'm in love
Yes you heard it right

It's so easy to fuck you but so hard to trust you
So easy to fuck you

I want to kiss you, I surrender, you can have my heart
I think we look so good together. You're pretty and
you're smart

I feel fine
I can smile
I'm in love

I'm in love
Yes you heard it right

I
I
I
I wanna believe you
But I
I hardly believe myself
