When you and I first met  
I thought you were my all and all, and all  
To me I felt no sweat to be your all and all, and all  
The way I feel for you, is somewhat of a dream come true  
For you I will stand tall, because you are my all and all  
There are times that i'm with you, that I never want to go  
There are days that I missed you, but I never let it show  
All I want to do is please you, I never want to let you go  
You just say that you need me and our love will grow and grow

Chorus:

You, you are my all and all  
For you, for you I will stand tall  
You, I love you most because  
Boy you, you are my all and all

Into your world for me  
Is the place that I want to be, I want to be  
Inside your heart take me  
Drop off love and i'm sure you'll see  
That the way I feel about you, everyone in love should feel  
I'm so crazy about you, you my love has made this real  
All I want to do is please you, I never want to let you go  
You just say that you need me and our love will grow and grow

Chorus (2x)

Into your world for me  
Is the place that I want to be, want to be  
Inside your heart take me  
Drop off love and i'm sure you'll see  
That the way I feel about you, everyone in love should feel  
I'm so crazy about you, you my love has made this real  
All I want to do is please you, I never want to let you go  
You just say that you need me and I know that the love

will grow, grow  
Everything I want, everything I need, with you I wish to  
share a special part of me  
If ever your in need you can give me a call  
You mean everything to me, your my all and all

Chorus
