[instrumental interlude]

What does it take
to win your love for me?
How can I make
this dream come true for me?
Whoa I just got to know
ooo, baby cause I love ya so.
Gonna blow for ya

[instrumental interlude]

I tried, I tried, I tried, I tried,
in every way I could,
to make you see how much I love you.
Ooo, I thought you understood.

So you gotta make me see,
what does it take to win your love for me?
Gonna blow again for ya

[instrumental interlude]
