Benny:  
When the sun goes down,  
You're gonna need a flashlight.  
You're gonna need a candle-

Nina:  
I think I can manage that.

Benny:  
When you leave town  
I'm gonna buy you a  
Calling card.

Benny & Nina:  
'Cuz I'm falling hard for you.

Nina:  
I go back on Labor Day.

Benny:  
And I will try to make my way-

Benny & Nina:  
Out west to California.

Benny:  
So we've got this summer.

Nina:  
And we've got each other-  
Perhaps even longer.

Benny:  
When you're on your own,  
And suddenly without me,  
Will you forget about me?

Nina:  
I couldn't if I tried.

Benny:

When I'm all alone,  
And I close my eyes...

Benny & Nina:  
That's when I'll see  
Your face again.

Benny:  
And when you're gone,  
You know that I'll be waiting  
When you're gone.

Nina:  
But you're here with me right now...

Benny:  
We'll be working hard, but Nina:  
If we should drift apart Benny-  
Lemme take this moment  
Just to say- No, no, no!  
You are gonna change  
The world someday- I'll be thinking of home.

Benny & Nina:  
And I'll think of you every night  
At the same time-

Benny:  
When the sun goes down.

Nina:  
When the sun goes down.

Benny:  
When the sun goes down.
